HIS is one of the handsomest horses and finest roadsters in Vermont. He is very game, will trot all the afternoon and road more miles in a day than any horse I ever owned.

Started in 1892 nineteen times. Was first, nine times; second, four times; third, three times; fourth, once, and got no money, twice. He travelled over 1300 miles and trotted nineteen races in thirteen weeks. His get are good size, very stylish and speedy, and are eagerly sought after as soon as broken. His form is of the old-fashioned Morgan type. His gait is very pure, and as powerful as any 1200 pound horse we ever owned.

roadster, large, handsome and very stylish. His get are among the best, and fine roadsters. Three that have been handled a little are very fast, and I expect he will prove to be one of the best sires in the state.

His dam is the dam of three that can beat 2.30.
